**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The US Telecom Assoc. petition is wrong for the US, and bad for all businesses in the end. We need a healthy infrastructure and giving more power to giant corporate entities while stripping access to infrastructure by the small nimble telcos is bad for everybody. It is, in fact, un-American. This is a country founded on access to market, not founded on restricting small businesses. Please refuse the US TA petition. What ever the political climate, free markets have made America great. And this status should never be changed by the monopolistic instincts of the few giant companies in the consumer telecommunications arena in America.

Thank you for hearing our position

George Daly
